# BARGAIN BINS

Your council has joined up with the Recycle Now Home Composting Campaign, a government funded scheme to encourage people to reduce the waste they send to landfill. So how is it possible to sell bins at such low prices? Buying in large volumes direct from manufacturers and selling to you at cost, lets Recycle Now offer the bins for less. In addition to this your council subsidise the cost of the bins. This means that customers can purchase a standard 330ltr black compost bin at a reduced price when the regular price is £49.00! So hurry and order yours today as stocks are limited!
